MODULES FOR BUILDINGS

	REF.	DESCRIPTION
	508004	**2 WIRES AUDIO MODULE** Audio module for 2H digital systems. Incorporates 2H video management that allows future extensions of the system. Compatible with COMPACT entry panels.
	508001	**2 WIRES AUDIO/VIDEO MODULE** Audio and video module for 2H digital systems. Compatible with COMPACT entry panels.

PANEL AUXILIARY MODULES

	REF.	DESCRIPTION
	509018	**CARHOLDER MODULE (DC)** Panoramic retro-illuminated card module. It allows incorporating any type of information deemed necessary into street signs. Compatible with COMPACT entry panels. 24Vdc power supply.

MODULE OF CONTROL Y ACCESORIES

	REF.	DESCRIPTION
	600019	**2 WIRES MODULE OF CONTROL** Digital control module for AUDIO and AUDIO / VIDEO 2H systems. Independent management of up to 2 doors with free opening. Door sensor management. Management of auxiliary opening buttons. Possibility of selecting opening times. It incorporates access control with up to an individual opening code per dwelling as well as 4 general codes. Automatic management of plates only push button, keyboard + display entry panels.
	600020	**2 WIRES ALPHANUMERIC MODULE OF CONTROL** Digital module of control for AUDIO and AUDIO / VIDEO 2H systems. Allows direct dialing using the floor + letter number of the house. It allows to dispense plates repertoire. Management of mixed boards (Display + Pushbuttons), as well as ONLY PUSHBUTTONS where the choice of the buttons for the floor number and the letters of the houses is free. It incorporates the same features as the 600019 module.
	600002	**MODULE OF ROWS & COLUMNS** Módulo que permite enlazar varias placas de pulsadores digitales en un mismo acceso. Gestión de iluminación. Compatible con todos los sistemas digitales Auta.

COMPACT MONITOR

REF.	DESCRIPTION
755005	**2 WIRES DIGITAL COMPACT MONITOR** Digital technology. Installation 2 wires without polarity
750699	**CONNECTION BRACKET FOR 2 WIRES COMPACT MONITOR** Digital technology. Installation 2 wires without polarity.
750799	**2 WIRES PLUS CONNECTION BRACKET** For 2-wire monitors without polarity. Connection module with additional functions, remote door opener or auxiliary doorbell
730482	**COMPACT MONITOR DESK CONVERTER**
COMPACT HANDSET

REF.	DESCRIPTION
705005	**2 WIRES COMPACT HANDSET** Digital technology. Installation 2 wires without polarity
507030	**COMPACT MONITOR DESK CONVERTER**

SYSTEM COMPLEMENTS

REF.	DESCRIPTION
715503	**ATF-12 POWER SUPPLY UNIT** Analog power supply. Entry 220-230 Vac. Output 12Vac 1.2A. Made of high quality ABS. It is mainly used in analog installations. It can also be used in systems where you want to feed a 12Vca door opener up to 1.2A. Can be mounted on the surface or DIN rail (2 elements)
715303	**ALV-1,5 A POWER SUPPLY UNIT** Switched power supply. Input 100-260 Vac 50-60 Hz. Output 24Vdc 1.5A.Made of high quality ABS. In digital systems Auta allows you to install up to 30 monitors and 50 telephones or 3 elements with simultaneous call. It can be installed on the surface or by DIN rail (3 elements)
715703	**ALV-2,5 A POWER SUPPLY UNIT** Switched power supply. Input 100-260 Vac 50-60 Hz. Output 24Vdc 2.5A.Made of high quality ABS. In digital systems Auta allows you to install up to 50 monitors and 100 telephones or 5 elements with simultaneous call. It can be installed on the surface or by DIN rail (4 elements)
730168	**2 WIRES POWER INJECTOR** Power injector for 2 WIRES systems. It has 2 operating modes. INJECTOR MODE (FACTORY): Installed next to the system feeder. SECTIONER MODE: It is used to place reinforcement feeders in the same line.
730145	**BATTERY MANAGER** It allows to connect some batteries to maintain permanent power in the installation, to the following power supplies: 715303 and 715703.
753298	**2 WIRES MINI DISTRIBUTOR** Distributor for 2 WIRES systems. It has 4 outputs. Dimensions: 40 x 43 x 22 mm
730171	**2 WIRES SYSTEM ROUTER** It allows the realization of multiple entry panel and riser 2 WIRES installations. It allows to apply several routers in the same
730174	**HEB WIRELESS BELL KIT** New Auta wireless doorbell system. New technology that improves reach. Reach up to 200m in the open field. New emission frequency 868 Mhz that facilitates reception even with intermediate obstacles. 32 selectable melodies. Up to 30 recipients linked in the same home. Self-learning of elements.

SYSTEM
VISUALTECH

509052	**VISUALTECH AUDIO MODULE** Audio module for VISUALTECH systems. It incorporates COAXLESS video management that allows future extensions of the system. Compatible with COMPACT door entry panels	
509066	**VISUALTECH COLOR AUDIO/VIDEO MODULE** Audio and video module for VISUALTECH systems. Compatible COMPACT door entry panels. It can be installed on systems with B&W monitors.	

MODULES FOR S1 PANELS

REF.	DESCRIPCIÓN	P.V.P.
509080	**VISUALTECH AUDIO MODULE FOR KIT S1** Audio module for VISUALTECH systems with built-in module of control. It incorporates COAXLESS video management that allows future extensions of the system. Allows Switchboard Unit. Compatible with COMPACT SERIES 1 door entry panels. Management of up to 2 independent calls.	
509075	**VISUALTECH COLOR AUDIO/VIDEO MODULE FOR KIT S1** Audio/Video module for VISUALTECH systems with built-in module of control. Allows Switchboard Unit. Compatible with COMPACT SERIES 1 door entry panels. Management of up to 2 independent calls.	

AUXILIARY MODULES

REF.	DESCRIPCIÓN	P.V.P.
509018	**CARHOLDER MODULE (DC)** Panoramic retro-illuminated card module. It allows incorporating any type of information deemed necessary into street signs. Compatible with COMPACT entry panels. 24Vdc power supply.	
509048	**DIGITAL ADAPTED MODULE** Panoramic retro-illuminated card module. Shows system information to people with hearing impairment. Compatible with COMPACT entry panels and DIGITAL systems.	
509011	**COLOR COAXLESS DECOR VIDEO MODULE** Color module of coaxless and P&P systems. Compatible with COMPACT y DECOR entry panels. Allows installation with B&W monitors.	

MODULE OF CONTROL AND ACCESSORIES

REF.	DESCRIPCIÓN	P.V.P.
600011	**VISUALTECH MODULE OF CONTROL** Digital control module for AUDIO and AUDIO / VIDEO VISUALTECH systems. Central Guard Porter Management. Can manage up to 63 buildings and 16.000 appartments. Door sensor management. Management of auxiliary opening buttons. Possibility of selecting opening times. It incorporates access control with up to an individual opening code per dwelling as well as 4 general codes. Automatic management of plates only push button, keyboard + display entry panels.	
600017	**MÓDULO DE CONTROL COMPACT VISUALTECH ALFANUMÉRICO** Digital control module for AUDIO and AUDIO / VIDEO VISUALTECH systems. Allows the direct deal as floors number and appartment letter. Can manage push-buttons & display entry panels and push-button ONLY entry panels..Same benefits as 600011.	
600002	**CONNECTION MODULE OF ROWS & COLUMNS** Allows the link of push-button digital entry panels. Lighting Management. Compatible with All digital systems. Up to 3 entry panels with 66 push-buttons.	
600015	**MULTI-MODULE OF CONTROL** Allows the connection of several modules of control wit ONE AUDIO or AUDIO/VIDEO module. Allows more than 3 entry panels and 66 push-buttons. Compatible with All digital systems.

AUXILIARY MODULES

	REF.	DESCRIPTION
	509018	**CARDHOLDER MODULE** Panoramic retro-illuminated card module. It allows incorporating any type of information deemed necessary into street signs. Compatible with COMPACT entry panels. 24Vdc power supply.
	509048	**DIGITAL ADAPTED MODULE** Panoramic retro-illuminated card module. Shows system information to people with hearing impairment. Compatible with COMPACT entry panels and DIGITAL systems.
	509005	**COLOR COAXDECOR VIDEO MODULE** Color module of COAX systems. Compatible with COMPACT y DECOR entry panels. Allows installation with B&W monitors.
	509011	**COLOR COAXLESS DECOR VIDEO MODULE** Color module of COAXLESS and P&P systems. Compatible with COMPACT y DECOR entry panels. Allows installation with B&W monitors.

MODULE OF CONTROL AND ACCESSORIES

	REF.	DESCRIPCIÓN
	600013	**COMPACT MODULE OF CONTROL** Digital module of control for AUDIO, COAX and COAXLESS systems. . Allows calling code data-base setting. Independent Manager of 2 doors. Door sensor management. Central Guard Porter management. Up to 64500 flats and 254 buildings.Opening auxiliary buttons management. Opening time selection. Build-in access control with 1 accesscode for each flat and 4 access codes. Automatic selection of push-button/keypad+display/mix entry panels. Compatible with COMPACT y DECOR digital entry panels
	600014	**DIRECTORY MODULE OF CONTROL** Same benefits as 600013 module of control. Each calling code can have name associated User's research through arrows. ONLY compatible with Directory entry panels.
	600018	**ALPHA-NUMERIC MODULE OF CONTROL** Digital module of control for AUDIO, COAX and COAXLESS systems. Allows the call pressing floor's number and flat's letter. Same benefits as 600013 module of control
	600002	**CONNECTION MODULE OF ROWS & COLUMNS** Allows the link of push-button digital entry panels. Lighting Management. Compatible with All digital systems. Up to 3 entry panels with 66 push-buttons.
	600015	**MULTI-MODULE OF CONTROL** Allows the connection of several modules of control wit ONE AUDIO or AUDIO/VIDEO module. Allows more than 3 entry panels and 66 push-buttons. Compatible with All digital systems.
