

Audio and Video door entry systems

KIT 2W

QUICK

technology and minimalism

With the new Quick 2W Auta system it combines simplicity and high performance in the same device. Thanks to the ease of installation using 2 wires without polarity and the quality of materials, such as aluminum and glass, Quick becomes the best ally to provide your home with elegance and technology.

- > 2 wire system without polarity
- > Tactile and accessible system
- > MiFare proximity access control
- > Intercom system
- > Multiple high-tech features

kit QUICK Components

MONITOR QUICK 2W

simplicity and harmony

7" screen with touch technology

Thanks to its size and the latest generation 2H technology, the user will enjoy more vivid colors and sharper images.

Full DUPLEX audio

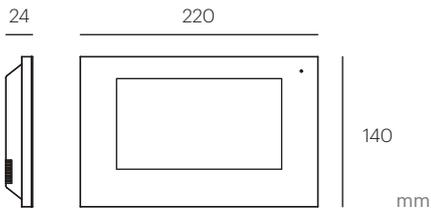

It allows you to maintain a clear conversation even in the noisiest environments.

INTERCOM system

It allows intercommunication between points in the same home if there is more than one Quick 2W monitor.

Surface mount

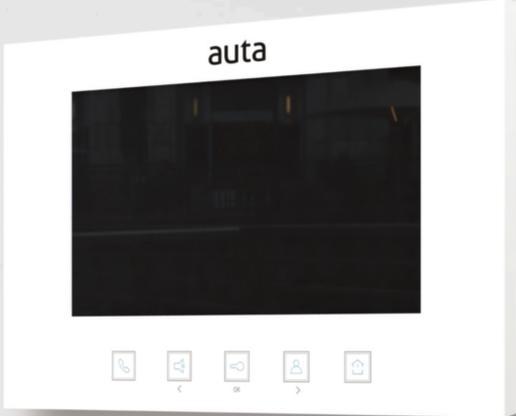

Compatible with universal mechanism boxes.
