FUTURE, COMMUNICATION & DESIGN

STEEL|TECH|

GATHERED BY STEEL.

Steel revolution takes us to communication's

future; a future full of design, technology and

solutions for every subject.

Steel-Tech is steel; AUTA is evolution.

New stainless steel panels, digital or analogue, made of 2,5 mm stainless steel with security screws and waterproof steel push-buttons with IP 65.

Inox video door entry system

Five different sizes that allow any kind of configuration. They combine the following elements: Speaker, adjustable CCD camera in COLOR, single or double name holders, Keypad, lighting push-button and viewfinder. Plastic mounting boxes for all systems and models, allow fitting panels in parallel easily.

Inox door entry system

Any kind of configuration, thanks to five different sizes, is allowed. They combine the following elements: Speaker, single or double name holders, Keypad, lighting push-button and viewfinder. Plastic mounting boxes for all systems and models, allow fitting panels in parallel easily.
